LOGO

The logo

The **meetMED** logo aims to express the core aspects of the project, specifically the energy transition and the Mediterranean region in which the project takes place.

power cord → electricity

seascape → mediterranean

sun → energy

green → nature

Exclusion zone

The 'exclusion zone' refers to the area around the logo which must remain free from other copy to ensure that the logo is not obscured. As the diagram indicates, the 'exclusion zone' is equal to that of the height of the logo.

Logo variations

Full color logo

The primary form of the logo is destined to be used against a white background only, and only in sizes large enough to maintain legibility (the logo cannot be smaller than 35mm wide).

Grayscale logo

The grayscale variation of the logo is destined to be used when the support doesn't allow colours.

Logo variations

Monochrome logo

For use against a coloured or photographic background, it is mandatory to use one of the monochrome variations of the logo in order to hold enough contrast between the logo and its surroundings.

A monochrome variation is also to be used if the logo is smaller than 35mm wide.

Incorrect uses

The integrity of the meetMED logo should be respected at all times. Please do not stretch, condense, augment or distort its form. Changing any graphic element of the logo will weaken its impact and detract from the consistent image we seek to project.

Here are some examples of inappropriate uses of the logo.

Proportions: do not change the proportions of the logos in any way.

Typography: do not change the font used in the logo.

Layout: do not change the layout of the logo.

Colors: do not change any of the colors of the logo.

Incorrect uses

The integrity of the meetMED logo should be respected at all times. Please do not stretch, condense, augment or distort its form. Changing any graphic element of the logo will weaken its impact and detract from the consistent image we seek to project.

Here are some examples of inappropriate uses of the logo.

Effects: do not add any kind of effects to the logo.

Angle: do not change the orientation of the logo by rotating it any way.

Opacity: do not use the logo at a reduced opacity

Resolution: do not use poor quality reproductions of the logo.

TYPOGRAPHY

Typography

Titles: Proxima Nova Extra Bold
abcdefghijklmnopqrstuvxyz
1234567890!?* \$&@%()

Subtitles: Proxima Nova Semibold
abcdefghijklmnopqrstuvxyz
1234567890!?* \$&@%()

Body: Proxima Nova Regular
ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvxyz
1234567890!?* \$&@%()

The primary typeface is Proxima Nova. This typeface is to be used for all meetMED communications.

Stylistically, Proxima Nova straddles the gap between typefaces like Futura and classic sans faces. The result is a hybrid that combines modern proportions with a geometric appearance.

When use of Proxima Nova is not possible, like in emails or Microsoft Office documents, use Arial.

GRAPHIC ELEMENTS

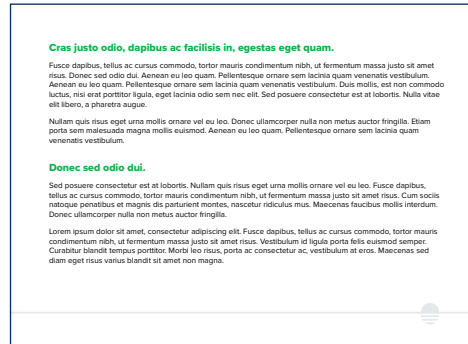

Seascape

The sunset graphic used in the meetMED logo can be used as a separate branding element.*

In order to keep this element more discrete and not take the focus away from the content, use a lower contrast between the color of the graphic element and the color of its background.

- Recommended color pairings:
- GREEN + TURQUOISE
 - GREY + WHITE
 - BLUE + TURQUOISE
 - YELLOW + ORANGE

*The use of the sunset branding element does not exempt from the obligation to place the full logo on every meetMED document.
