and Sustainable Economic Development

THE SUSTAINABLE ENERGY INVESTMENT FORUMS INITIATIVE

EU initiative, since 2016, aimed at **boosting investments and financing** for energy efficiency at national level creating **dialogue** and improving the **cooperation** between public and private stakeholders, including financial sector.

HOW: through **events** who **promote dialogue** between **public authorities, financial sector** and other **key stakeholders** involved in delivering sustainable energy investments.

OUTCOMES: **sharing of good practices** and **increased dialogue** between all the stakeholders involved in delivering investments in sustainable energy at EU, national, and local levels.

Feedbacks from 40 events in 16 countries

- **Unique model** with all stakeholders on an **equal footing**
- **Capitalization of knowledge** - replication of successful financing solutions across regions and borders
- Kick-start of **new policies and investment programmes** in EU Member States
 - ✓ Revise regulations
 - ✓ Adopt **funding programmes** and develop **new financial instruments** with the private sector
 - ✓ Create **long-standing cooperation platforms** between stakeholders

MED SEI Forums

Using the successful **experience of SEI Forums in Europe** as reference, **meetMED** aims at establishing a **series of national roundtables** bringing together banks, financial partners, public authorities and all stakeholders involved in delivering investments in sustainable energy.

- ✓ Each national roundtable is **focused on national needs and challenges**.
- ✓ The **topics** to be discussed are decided **based on the stakeholders needs/requests**.
- ✓ The roundtables is a **forum to facilitate and enhance the dialogue** among the different participants, promote **brainstorming** and the identification of **solutions**.

NATIONAL ROUNDTABLE OBJECTIVES

- Map and engage **all relevant public and private stakeholders** in the country
- Map most relevant **financial tools, measures, initiatives** to push the energy transition in their country
- Improve the **visibility of existing public funds**
- Discuss how to **enhance the access to finance for energy efficiency projects** and **overcome** current **barriers**
- Present **good practices and innovative funding mechanisms** addressed to both buildings and appliances → Discuss ways to **replicate** and **scale up** them
- **Identify projects** that could be funded thanks to meetMED **technical assistance**
- Establish a **PERMANENT** and high-level national platform of discussion and exchange of information, experiences and good practices

SEI FORUMS FOR MED SEI FORUMS

NATIONAL ROUNDTABLES ARE:

FOCUSED ON NATIONAL NEEDS

- Closed workshop with key stakeholders
- Address key national challenges
- Focused on dialogue and solutions

BASED ON PEOPLE

- Identification and engagement of relevant stakeholders in the country (investment banks, international financial institutions, relevant ministries, energy agencies, utilities, ESCOs, construction sector, industry federations, consumers organizations)
- Participative approach / Chatham House rules
- It takes time to build momentum (usually 2-3 roundtables) – Recurrent events

National roundtables are organized within the MEETMED WEEKS and NATIONAL EVENTS

3 within the **meetMED weeks**

✓ Cairo - March 2022

NEXT Morocco - May 2023

5 within **national events**

✓ Jordan - June 2022

✓ Morocco - October 2022

✓ Egypt - *February 2023*

○ Algeria - *to be confirmed*

○ Tunisia - *to be confirmed*
