Introduction

Tools and devices for energy efficiency and thermal comfort in municipal buildings

National Level

National programmes

Methodological approach
Technical support
Training

Financial Facility

Subsidies
Concessionary loans

Labels and certification

Assessment system
Monitoring approach
Communication and awareness raising

City networks

Municipal working groups
Peer to peer learning

Local Level

Renovation of municipal buildings

Energy audits
Energy accounting

Construction of municipal buildings

Audits on plan
Model public buildings
Charter

Construction regulation

Building permits
Compliance control
Fiscal and non-fiscal incentives

Local stakeholders engagement

Urban planning
Communication and awareness raising

Municipal assets

Municipal territory

Part I. Let's hear feedbacks and messages from the cities...

1. What are the key challenges for a city for promoting efficient buildings ?
Quels sont les défis principaux que rencontrent les villes pour promouvoir des bâtiments performants ?
